IN THE BOX

- T-shirts according to the pack you chose (3, 6 or 12 pieces)

QUICK START

1. Choose your size by height and weight, not by the size you take in other brands.
2. Wash the shirt before wearing it for the first time, cold, on a delicate cycle.
3. Dry flat; never iron over the print.

1. Choosing your size

Your size comes from the combination of **height and body weight**. Find your row (height) and your column (weight) in the table — the box where they meet is your size.

Size	Body weight	Height
S	59 – 68 kg	168 – 183 cm
M	69 – 84 kg	173 – 188 cm
L	84 – 95 kg	173 – 193 cm
XL	96 – 113 kg	173 – 193 cm
2XL	114 – 129 kg	173 – 193 cm
3XL	130 – 150 kg	173 – 193 cm

Kako pronaći svoju veličinu

- 1 Pronađi svoju **visinu** u lijevom stupcu.
- 2 Pronađi svoju **težinu** u gornjem redu.
- 3 Polje gdje se sijeku — to je tvoja veličina.

PRO SAVJET Ako si između dvije veličine i želiš **opušteniji kroj**, uzmi veću. Za **uži, pripijeni izgled** uzmi manju.

Full table: row = height, column = weight.

If you are between two sizes: take the larger one for a relaxed fit, the smaller one for a closer fit. Size exchange is free for 90 days, so try it without worry.

2. Before the first wear

- Wash the shirt before wearing it — the fabric settles and softens.
- The fabric is pre-washed, so with correct washing it does not shrink noticeably.
- Turn it inside out before washing so the print and the surface stay intact.

3. Washing and care

- Machine wash cold (up to 30 °C), delicate cycle. Wash with similar colours.
- No bleach. Use fabric softener sparingly — it coats the fibres and reduces breathability.
- Dry flat or tumble dry on low.
- Iron at medium temperature, inside out. Never over the print.
- Do not wash together with towels or hook-and-loop fasteners — they pull threads out of the knit.

4. Troubleshooting

What happens	Cause	Solution
The shirt has shrunk	Washed warmer than 30 °C or tumble dried on high	Wash cold, dry flat; a shrunk shirt can be partly reshaped by gently stretching it while damp
The neckline has stretched out	Hanging it on a hanger and pulling it over the head	Fold your shirts instead of hanging them
The surface is pilling	Washed with towels, jeans and hook-and-loop fasteners	Wash inside out, with smooth fabrics
Tight across the shoulders	Size chosen by weight alone	Check the height row as well; take one size up

5. Storage

- Fold them instead of hanging — the neckline keeps its shape longer that way.
- Store in a dry place, out of direct sunlight.

6. Warranty, exchange and returns

- 30 days money back — return the product in the condition in which you received it.
- Free size exchange within 90 days. An e-mail is enough, no paperwork.
- For an exchange or return write to info@noriks.com and quote your order number.
